

Submitter: Angela Coleman

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

Being an Oregon resident all my life right here in Coos County with dune access I see nothing but benefits of allowing these classes of vehicles on the road. Our little community gets allot of support from visitors that come play in the dunes and availability to drive to the businesses in their sxs I think would help get even more money here.
