Measure, Appointment or Topic: HB3155

One of our primary activities is using our UTV while traveling. We go to states and local places that support our ability to easily access recreational activities along with restaurants, gas stations, stores and similar while on our UTV. Many states have very UTV friendly laws that allow us to ride from a campground, to recreational sites making a loop, stopping at a restaurant for dinner, stopping at the gas station to fuel up then heading back to our campground. The restrictions for using street legal UTV's on public roadways has no more risk than street legal motorcycles.

Please support this bill as we would like to spend more time in Oregon and staying legal while riding.
