

Submitter: Renee Towan
On Behalf Of: Lakeside Riders
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3155

Lakeside, Oregon has allowed ATV access from the Oregon Dunes National Recreation Area on city streets for almost five years now. It was a joint effort by ODOT, Coos County and the City of Lakeside. It has boosted our economy. New businesses have opened. Jobs have been created. New residents have moved in as a result. Lakeside has had zero incidents. No accidents. Class I, Class III and Class IV all-terrain vehicles are driven safely on highways and city streets in numerous states. Other states have done the work to show it can be done. I hope Oregon can follow suit and prosper from the registration fees and commerce that follows. Thank you.
