I live in Lakeside where we have a UTV route where we ride to the dunes and it has been amazing. Everyone respects the rules and I haven't seen or heard of any problems. Arizona it's legal to drive UTVs almost everywhere and no problems. As a UTV enthusiast it would be so amazing to be able to drive to the store or gas station etc. in my UTV. I have headlights,taillights,blinkers,horn,and seatbelts. I'd feel very safe driving anywhere.
