

Submitter: Ronald Fransen
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3155
Support for HB 3155

I would like to extend my full support for HB 3155.

This bill improves rider safety and brings awareness to the citizens throughout the state. The bill will also allow riders to safely travel from trail systems into rural communities. This travel will bring added economic benefits to these rural communities.

Thank you
Ron Fransen
