

Submitter: Emily Brown

On Behalf Of:

Committee: House Committee On Labor and Workplace Standards

Measure, Appointment or Topic: HB2792

Hospitals should be held to the standard of having enough providers to safely treat patients, AND ensuring those providers have the proper training on the particulars of a hospital's protocols, software etc that are designed to prevent systemic failures. Transparency in spending on travel nursing during strikes provides critical information that effects public health and safety in these regards, so is pertinent for our state to have access to.
