Measure, Appointment or Topic: HB3155

Greetings,

As the vice president of Northern Oregon Motorcycle & ATV Club (NOMAC). Our membership is in full support of HB 3155. The club travels to several locations in the state on club rides. These rides take place in areas where we occasionally travel on rural roads. Having the legal ability to travel these roads will bring added safety to our members as well as other trail users. We often stop in communities along the roads to spend money on fuel, supplies and other needed items.

Thank you
Ron Fransen
