

Submitter: David Thompson

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

Being from a small town and lived in other smaller towns and experiencing other small towns in other states, owning a UTV business, I feel this would be a great option for people in the community of all ages, it has done very well in other states and I feel Oregon is a HUGE UTV enthusiast state of all walks of life that use these.
