

Submitter: Cindy Anderson  
On Behalf Of: Support for all-terrain vehicles on Hwys  
Committee: Joint Committee On Transportation  
Measure, Appointment or Topic: HB3155

I am in support of all-terrain vehicles on highways because I feel it will help with tourism in Oregon. And also help ease congestion of people parking their huge trailers unloading and loading in our overcrowded parking lots along the coast. If they are able to camp and then ride from there, that will solve over crowded parking areas. Thank you!
