

Submitter: Ron Bartlett
On Behalf Of: Corey Levin
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3155

Driving short distances in a side by side is much safer than on a motorcycle. It's a great way to get around when the weather permits as long as the vehicles are equipped with mirrors, blinkers and a horn. We enjoy taking our side by side to Idaho and Arizona where we can drive them on the road to trails and not have to trailer it in.
