

Submitter: Rhett Powers

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

I write this submission in support of the measure. I believe it would improve safety during inclement weather. It would vastly improve mobility for the rural communities. Side by sides and utility vehicles also use significantly less fuel than regular cars witch in turn leaves a smaller carbon footprint. I believe that several oregonians would benefit from having the ability to use their side by sides on city and county roads. This also would be a significant revenue increase for the state. Allowing all side by sides to be licensed through the Oregon DMV to drive on the road. Thank you for allowing me the opportunity to share my thoughts and support of this measure.
