On Behalf Of:

Committee:

Joint Committee On Transportation

Measure, Appointment or Topic:

HB3155

I am especially in favor of operating off-road , ATV, UTV etc vehicles on all paved or gravel roads outside of city limits. I live in the country to where I can legally drive my tractor on the roads, but not my quads or side by side. I can see instances where due to inclement weather there is reason as well to drive your ATV into city limits. However, all of these vehicles should be insured.
