

Submitter: German Garcia Hernandez

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

I been a residence in oregon for over 20 years and believe that being able to register these types of vehicles we will be able to increase registration funds through offering this opportunity for the state of oregon also encourage others to buy and register more off-road vehicles because of the wide uses they can truly be handy like driveing one summer night to go cruiseing around what oregon has to offer!
