

Submitter: Lisa Downing  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure, Appointment or Topic: HB3155

To whom it may concern,

I am writing to express my strong support for the proposed legislation that permits a person to operate Class I, Class III, and Class IV all-terrain vehicles (ATVs) on highways that are not interstate highways, provided that the ATVs meet vehicle equipment standards and are registered.

I believe this legislation will have numerous benefits for our community. We are frequent riders and being allowed to operate on certain highways will not only enhance accessibility and convenience, but also help promote tourism and economic growth in our region. Many rural areas rely on outdoor recreational activities as a significant source of income, and this legislation will help bolster those local economies.

In addition to the economic and safety benefits, this legislation will also encourage responsible ATV use and foster a sense of community among outdoor enthusiasts. It provides an opportunity for ATV riders to explore new areas and connect with fellow riders, all while adhering to established guidelines and regulations.

I support this important legislation and believe it will help create a safer, more accessible, and economically vibrant environment for all ATV users. Thank you for your time and consideration.

Sincerely,

Lisa Downing
