

Submitter: Hunter Landolt

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

The ability to drive an atv on county roads would greatly improve the convenience to get from our county park to our riding area that is separated by roughly a mile of county roads. These days a side by side costs as much or more than a small pickup and has all the features of one and if not they are easily installed in aftermarket parts. The ability to travel on road with a side by side would make it far more worth the money to buy.
