

Submitter: Rodney Beebe

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

Thank you members of the legislature,

I am very much in support of this bill. In our community we are seeing a growing number of retirees and a still large number of farmers and ranchers who utilize the types of vehicles covered in this bill.

As the mayor of Prineville Oregon I have been considering legislation such as this at a city level to support our community, but state level legislation is something I support very much as many communities are just like the one I live in.

Thank you,
Mayor Beebe
Prineville OR
