Measure, Appointment or
Topic: SB769

I support this measure. I strongly believe we need to bring back hunting with dogs as the deer population has been declining rapidly. Deer are cougars primary source of food. Cougars have primarily been breeding unchecked causing the population to grow and become unbalanced. We have seen more and more sightings on the edge of town of Vale, OR of cougars. Please bring this bill to the floor and allow it to be governed in each individual county's.
