

Submitter: Eran Crouse

On Behalf Of:

Committee: Senate Committee On Human Services

Measure, Appointment or Topic: SB20

I strongly support the passage of SB 20. Health care is a universal human right that has nothing to do with someone's assets. Under no circumstances should those with disabilities in particular find themselves without the full care they, regardless of if they work or not. Moreover, we should repeal all harmful and antiquated laws that serve to keep people with disabilities in a poverty trap and unable to fully participate in society due to fear of losing benefits.

Thank you,
Eran Crouse
