RE: Support for HB 2792

To the House Committee On Labor and Workplace Standards,

I formally state my enthusiastic support for HB 2792. As a nurse affected by strike, I have realized just how astonished the community is by just how much the hospital is spending on strike nurses. As an entity that receives tax benefits from claiming a not-for-profit status, and also receives taxpayers' dollars in the form of Medicare/Medicaid revenue, people deserve to know the financial burden a strike causes. The public and hospital staff deserve to know how costly it is for a hospital to refuse to bargain in good faith.

Thank you for accepting my testimony and I look forward to your support.
