

Submitter: Dee and Barbara Adams

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2232

HB2232 is a positive step to provide responsible and reasonable sound limits on ATVs. The riders who are respectful of their noise level will not be negatively affected. We strongly support the ability to hold those who are not respectful accountable. It will certainly allow a better quality of life for those of us near the area.
