Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB769

I've hunted with dogs my entire life and I'm 58 years old today, in 1994 I got the biggest slap in the face when just a couple counties in Oregon passed a law the banning of hunting bear and cougar with the aid of dogs. That was some of the most memorable trips in the woods with my family. Since then myself and many other hunters find it more difficult while out hunting deer and elk, to see a legal buck or bull to harvest.
