Committee: Senate Committee On Housing and Development

Measure, Appointment or Topic: SB949

Chairman and committee members,

I have read some real whoppers in my day SB 949 takes the cake for absurdness. \$10,000,000 to create a project to supplement existing programs to make them run better, is complete nonsense. There are no guideline on how to incorporate Commercial and residential units, other than "environmentally sustainable practices during the construction of the development" . SB 949 has all the goody two shoes written all over it. It appears to be just another grab of taxpayer money out of the general fund that only helps the city of Portland.

Please use our money wisely!

Thank you
