

Submitter: Jeffrey Montgomery

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

I support this proposition! Would love to save people the hassle of more unnessecary fines. Being able to safely and legally drive a SxS, dirtbike, or other ATV should be our right Once someone fails to comply with the given laws then they can and should be fined and suspended like normal operating motor vehicle. But we should at least give people that chance.
