

Submitter: KC McKillip
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3155

I, KC McKillip support the passing of HB 3155 to allow OHV's to be allowed on roadways. I think this will not only create more revenue for Oregon it will also bring awareness to those that have OHV's how to legally utilize their vehicles more. A lot of ranchers and farmers will use this to operate their business. It will help efficiency across the board.
