

Submitter: Kathleen Miller

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2232

As a long time resident of Tierra Del Mar we have seen over the decades much more traffic and noise from the Sandlake recreation area.

The noise level is so extreme on most nice days year round I cannot garden, entertain or have people at my rental without extreme disturbance . Complaints have been made and it is detrimental to our business. Locals should be able to enjoy our own properties without this extreme nuisance. There needs to be monitoring and enforcement.

Thank you,

Kathleen and Buck Miller
