Hello,

I would like to state my support for this bill. I believe hospitals should be held accountable with transparency for what they are spending on replacement strike Nurses. It is my opinion that it is a power play to spend exorbitant amounts of money to hold out from paying wages that are comparable to other area hospitals in the long run. This in turn results in the high turnover of nurses, which are going to begin their careers at a lower paying "training hospital" and move on to higher paying hospitals as soon as possible. This inevitably causes patients to get substandard care with inexperienced Nurses.

Thank you for your time.
