

Submitter: Gary Humphreys
On Behalf Of: NorthWest TrailRiders Association
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3155

NorthWest TrailRiders Association of Pendleton Oregon supports the responsible use of OHV's on public lands. Legal and safe access to Oregon roadways could allow the public to enjoy multiple OHV riding areas that are separated by public roads. In addition, access to public roads would allow Legal OHV's to access rural towns to enhance their recreation experience and these towns economy. OHV recreation is a large and growing contribution to the Oregon economy that needs regionally consistent laws for OHV road use. NWTRA supports this bill.
