On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

I would like to say there is no reason not to allow utv be on the road with proper licenses. I personally have a house in Montana state and I licensed my utv in Montana but still not able to drive it in the state of Oregon. I think this is absurd because all of the other states surrounding Oregon legalize this it is ridiculous that we are the only state that does not.
