

Submitter: Nounou Xiong
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3155

I, Nounou strongly support the legislations that would permit individuals to operate Class I, Class III and Class IV all-terrain vehicles on highways that are not interstate highways. It will allow and improve safety by allowing riders to transition between off-road trails and towns or recreational areas. It will have a bigger economic impacts and providing a boost to small business, bringing more visitors to rural areas. Have accessibility to make outdoor recreation more accessible for people who might not have access to large trailers or vehicles for transporting ATVs. I believe this policy can be implemented safely with proper regulations, such as speed limits and equipment requirements, to ensure minimal impact on other vehicles. For these reasons, I respectfully urge lawmakers to approve this and expand opportunities for outdoor recreation.
