Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB405

Dear members of the Committee On Finance and Revenue,

My family and I are in full support of this bill. The Death Tax – taking money from those who earned and saved to benefit their heirs - usually children and grandchildren – is nothing more than a money grab by the State. There is no reason the State should be more aggressive than the Federal government so we support the \$13M limit that SB 405 calls for.

Please balance the State's budget proactively by managing spending, not retroactively by raiding gravesites.

Dean
