

Submitter: Ben Sovince
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3155

I support HB3155.

Lets get Oregon in line with other neighboring states that allow OHV's on public roadways. Idaho, Montana & Washington all have exemptions for OHV's to operate on public roadways, with some sensible restrictions.

My family frequently travels to Idaho to recreate because we can use our OHV as a form of transportation. I feel Oregon is missing out on large amounts tourist revenue due to its restrictive OHV laws.

Also as a rural resident of Eastern Oregon, HB3155 would help local farmers and ranchers travel within the state.
