Committee: Senate Committee On Housing and Development

Measure, Appointment or Topic: SB967

Central Oregon Builders Association (COBA) is pleased to submit testimony in favor of Senate Bill 967. This bill provides the necessary clarity to increase local jurisdictions' ability to improve and speed up infrastructure planning, and provide another infrastructure funding option. In turn, this will speed up housing production timelines by increasing access to land whose needed infrastructure was previously too expensive to develop.

This is a valuable tool to add to the toolbox of infrastructure development, and COBA strongly urges the Committee to support SB 967.
