

Submitter: Jason Carson

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3155

In full favor of allowing all these class of vehicles on our roadways. We are allowed to drive on public roads in lakeside with limited access. A major benefit would being able to when inclement weather is upon us. Other benefits would be ease of getting to and from recreation sites that are nearby such as mountains, save on fuel and mileage on our daily driven vehicles. In a highway scenario I know my utv gets better mpg and is much less expensive to operate than my newer diesel pickup.

Thank you for your consideration
