

To: The Oregon State Senate
From: Eddy James Antoniello
Regarding: SB 584

I'm in very heavy support for making February Oregon Truffles Month. With the amount of different varieties of the Oregon Truffle, it is a staple of natural edibles within the state of Oregon and I'm in favor and in support for such. Please make February the Oregon Truffles Month, that would be awesome and very appreciated. Thank you :)

Oregon Truffles fun fact:

Oregon is home to many native truffle species, including the Oregon Winter White Truffle, Oregon Spring White Truffle, Oregon Black Truffle, and Oregon Brown Truffle.
