

Submitter: Steph Spencer

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB547

I support the designation of Native Plant Appreciation Month for any & every month. April is a great choice, as it's on the cusp of our planting & growing season. There is so much work to do, as far as helping citizens understand the complex, symbiotic relationship between Oregon's native plants and our increasingly rare & endangered native pollinators.

Let's do this!
