

Submitter: David Wall
On Behalf Of: Mr Oregon SUPPORTS HB 2170
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water
Measure, Appointment or Topic: HB2170

I SUPPORT [HB 2170].

First, "Good -Job" Representatives Ken Helms and Mark Owens!

Now that ceremonial matters have concluded, additional ideas are presented.

Review: [ORS 174.116: https://oregon.public.law/statutes/ors_174.116].

**Make certain, "No" Non-profit and or Public Benefit Corporations get anywhere close to the funding of this project.

**A RESTRICTED USE FUND should be constructed to protect the intent and funding security and monetary reserves of [HB 2170] from all actions for reapportionment to other projects.

**An initial GENERAL FUND "Loan" should be constructed as "seed capital" to generate interest growth funds. The aforementioned "Loan" is to be paid back within a specified number of years.

**Additional funding should also come from a "fee" to be collected from all ocean-going ships entering Oregonian waters.

**Unlimited fish takings of Bass fishes should be permitted to reduce and begin to eliminate "...Aquatic invasive species..." from designated waters (to protect salmonid fishes).

**The fines are excessively low in [HB 2170] to punish and deter illegal conduct referenced below.

"... SECTION 6..."

ORS 830.999: [https://oregon.public.law/statutes/ors_830.999]

ORS 183.745: [https://oregon.public.law/statutes/ors_183.745]

**Unannounced performance and financial audits of [HB 2170] should be periodically undertaken.

David S. Wall

Mr. Oregon Conkurs.
