

Submitter: Bill Bold

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On
Natural Resources

Measure, Appointment or SB5518
Topic:

I do not like the way that section 4 is written. "are not limited" to me means a blank check for spending which I do not believe is a good government management practice for anything. The functions mentioned in section 4 need to have caps on their spending same as any other function in business or government. Debt service should be predictable and identifiable during budgeting why is it open?
