Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB769

I oppose allowing dogs to be used to hunt cougars. Humans are ever increasingly lowering all animals from their habitats to suit the desires of what is perceived as a safer environment. There is such a thing as the circle of life which is broken in many places causing the demise of many species. When we encounter animals such as cougars we forget we chose to live in their territory. Making it easier to decimate them will diminish their numbers significantly.
