This proposed bill is a backhanded attempt to violate the rights of all residents of Oregon! These frivolous and heinous acts committed by elected officials show a complete lack of respect for the Oregon and US constitution. Any person who holds office and supports violating the rights of their constituents with their own tax dollars in this way needs to be immediately removed from office and be charged as a domestic threat. I strongly oppose this attempt to change our constitution to fit the narrative of those who serve themselves over the will of the people.
