

Submitter: Regina Dehen
On Behalf Of: OANP
Committee: House Committee On Behavioral Health and Health Care
Measure, Appointment or Topic: HB3439

I urge you to pass HB3439 out of the House Committee On Behavioral Health and Health Care.

HB3439 has a minuscule fiscal impact of 3 million dollars embedded in the OHA biennial budget, yet the profound positive impact on patient care for Oregonians far outweighs the cost. This allocation would go toward primary care, which has been a priority of this legislature. HB3439 will not only increase patients' ability to choose their doctors, but will also support the hundreds of small businesses across the state that provide naturopathic care.

Please vote "YES" on HB3439 at its upcoming hearing.

Thank you.
