Measure, Appointment or  
Topic: SB769

~ It's time to stop killing Wildlife. We need apex predators in the wild to maintain a balance. The only reason people want to kill these Mountain Lions is to keep them from killing grazing Animals that are meant for slaughter eventually anyway. It's an insane cycle of killing and for what; for people to make money off of Animals slated as food. This violence and criminality against our Wildlife needs to end now. Killing one Animal to grow another and then kill them, truly inhumane and corrupt.

~ Respectfully.
