

Submitter: Cynthia Kinnie
On Behalf Of: OANP
Committee: House Committee On Behavioral Health and Health
Care
Measure, Appointment or Topic: HB3439

Naturopathic doctors deserve the same pay as any other medical professional. They are an incredible support and adjunct to traditional medical care. Care for their patients go above and beyond what many MD's can provide because of many restraints of their professional care. It is TIME that these amazing people are compensated by insurance in the same way as other medical professionals are.

I strongly encourage you to support this bill. PLEASE VOTE YES. Thank you
