

Submitter: Merri Jones

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure, Appointment or Topic: HB3439

I have been a patient of naturopathic physicians since the mid 90s and they provide just as much if not more of a value than conventional physicians who only spend a fraction of time with patients during a visit. Naturopathic physicians deserve to be compensated accordingly as they are equally educated and qualified.

Please vote for this bill to protect and validate their value as a healthcare practitioner to receive fair compensation from insurance carriers.
