

Submitter: steven doverspike

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB769

I support this bill. the state has an over abundance of predators and the wildlife and livestock suffer from the high numbers of predators. the deer and elk population is hammered by the cougars, which in return makes the cougars come after livestock because they are hungry. Please allow the vote to go to the county to let each county represent themselves.
