Where to even begin...Since before the founding of this great country, the founding fathers adamantly opposed the government oppressing the citizens. This is exactly what Prozansky is trying to do. Since he has disrespected the office in which he holds so badly, I refuse to use the word Senator with his name or Mr. for that matter. Prozansky's personal vendetta against honest citizens of this state is so blatant and illegal. He knows full well this is unconstitutional and that we the citizens will have to pay to get it struck down. He obviously doesn't care and is throwing everything at the wall to see what will stick. It turns my stomach just thinking about the stupidity of this bill.

To change the well understood meaning of the word militia goes beyond the reason of a normal rational human being. The only reason to change the meaning is to disarm honest citizens. The founding fathers knew for a fact that the only way to keep the government at bay is for the citizens to be armed. They wrote numerous letters and had lots of meetings to discuss this. I'd quote a bunch of it, but the dictators in Salem wouldn't listen or care. Yes, I said dictators. Without a means to keep the government at bay, the founding fathers knew this great nation would once again be controlled by a king or queen. As it is now, most of us on the East side of the mountain are treated as lowly subjects by the queen. No amount of testimony will change the absurdity of this bill so I'll not waste any more of my time.
