Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB2698

I would like to support the HB2698

Homeownership changes lives in ways beyond just an address, stable affordable housing is the first step in putting families on a successful path, since being an IDA saver I purchased a home with support from Habitat for Humanity but further changes are now I can contribute to my retirement, I don't have to worry about my future or my 2 children, I am able to support both my children to attend community college and teach them the lessons of good money skills I learned through IDA education. Paths and future generations changed in a meaningful way
