On Behalf Of: Owyhee Irrigation District  
Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water  
Measure, Appointment or Topic: HB2982

Funding for the preventing the establishment of invasive species in Oregon water bodies is critical to our farmers of irrigated agriculture. It is problem that is coming for us if do not act now. The fees are nominal and targeted directly at the point source of the potential infestation and will also give people another reason to think about how they are treating our rivers and lakes.

Thank you,
