

Submitter: Mike Peterson
On Behalf Of: HB 3155
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3155

I introduced the WATV ordinance for adoption to the city of Woodland in 2022. There was a few changes that the city council wanted on the frontage roads but other than those it was adopted from the state.

I would add the use of connector roads or highways when speed limits exceed 35 mph to get isolated areas as needed. We ride in all western states and support it

Thanks,

Mike Peterson
