

Submitter: Jen Goertzen
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB769

This measure will allow residents of Wallowa county the option to hunt these predators with dogs, which will provide greater success. We have hunted cougars for years, and yet our mule deer population continues to decline. It is difficult to hunt these predators and yet we see them on trail cameras all the time, killing our mule and elk populations. We need a better way to fight for these populations and this will help!
