

Submitter: Keegan Mullinnix  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure, Appointment or Topic: HB3155

I am fully in support of this measure. I am a long time Oregon resident that is frequently reminded how negative Oregon is towards OHV use in most manners but especially when it comes to road use. It is sad when I have to travel to Washington, Idaho or Montana to utilize my Class 1 and Class 4 OHV in a manner that other states have been enjoying for many years. It also sad when I would happily give my money to Idaho and Montana for non-resident plates to afford us that opportunity. From all of my thousands of OHV miles on public roadways in each of those states, I have yet to come across improper use while on public roadways. Everybody I have met over there just treats it like a standard form of transportation and is a non-issue. It opens up many recreational opportunities when done responsibly. I think you are going to find overwhelming support on this topic and will also find that the overwhelming majority of us are responsible OHV users that would be more than happy to pay for additional licensing to do this right. Thank you
